

Corporate Experience

IHT Network Limited is an ISO 9001: 2008 certified public limited company, having presence in 100+ cities of the country. Quite a long time back (incepted In year 2003), a group of visionary professionals and entrepreneurs felt the need of an institution at national level that can sharpen and strengthen the skills and traits of humans. Therefore, its commencement was not co-incidental but a necessity to set standards of competence, perfection and excellence in the field of education and training.

IHT is India's No. 1 knowledge provider in the field of computer Hardware, Networking, Security Software & Telecom, It is broadly known for its quality education and dedication to excellence with positive and progressive approach. It is a premier educational institution keenly engaged in transforming jobless persons into a team of devoted and motivated personnel.

Our innovative ideas of training and contemporary demand centric courses make us one of the most preferred institutions all over the country. We provide comprehensive learning solutions and we are committed to provide high-end services with the perfect blend of training, skills, proficiency and expertise. We prepare and produce dynamic and resourceful professionals who are relevantly taught for their chosen professions and vocations within effective learning surroundings. According to our belief healthy environment is equally important for effective learning.
